2:30 pm

Taking Root tells the story of the Kenyan Nobel Peace Prize Laureate Wangari Maathai, whose simple act of planting trees bloomed into a movement to safeguard the environment and protect human rights. After the screening, Directors/Producers Alan Dater and Lisa Merton will speak about Maathai's Green Belt Movement. Rev. Margaret Bullitt-Jonas will share the faith community's response to the climate crisis.

This free program is co-sponsored by the Green Team of the First Congregational Church of West Tisbury, Grace Church, St. Andrews Episcopal Church, and Polly Hill Arboretum.
