K. J. Campbell PREACHING WORKSHOP

Rev. Dr. Margaret Bullitt-Jonas

“Preaching Gospel Hope in a Time of Climate Crisis”

Climate change is called the moral challenge of our time, yet many preachers avoid discussing it. Through a mix of presentations, small group conversation, and whole group discussion, we will discuss the spiritual/moral imperative to preach about climate change, identify obstacles to climate preaching, share the latest research on how to communicate about climate, discuss theological keystones, consider the links between climate, poverty, race, and other justice issues, and receive theological and homiletic resources.

The Rev. Dr. Margaret Bullitt-Jonas is an Episcopal priest, author, retreat leader, and climate activist. She serves as Missioner for Creation Care in the Episcopal Diocese of Western Massachusetts and the Southern New England Conference, United Church of Christ. Her latest book, co-edited with Lea Schade, is Rooted and Rising: Voices of Courage in a Time of Climate Crisis. Her website: RevivingCreation.org.
